COMPLAINTS DUE TO CHANGE.

Some Citizens Fail to Observe New Ash Collection Schedule.

Inspectors in the street cleaning department have been assisting in the clean-up campaign. The department issues pamphlets and cards directing attention to the law governing the collection of garbage, ashes and refuse, explaining the kinds of receptacles that must be used and advising housekeepers that such receptacles must be distributed to householders by the inspectors, and it is believed that much good will be accomplished.

Several complaints of failure of the ash collectors to remove such debris during the past few days have been made to the street-cleaning department. They resulted from a change in the collection schedule, Supt. Paxton explaining that the schedule is reduced in the spring, while the garbage collection is increased.

The change in the schedule for the collection of ashes was made nearly a week ago, and the change in the garbage collection service will become effective May 1. After May 1 there will be a daily service in the territory south of Florida avenue, Mount Pleasant, Petworth and Eckington, while residents of Cleveland Park, Takoma Park, Brookland, Chevy Chase and Anacostia will be given a service of three collections a week.
